

Red Horse Roundup

Bit Campaign

NEEDED:

Your unwanted riding and show bits

Bits must be in good condition, clean and good quality.

These bits will be photographed and placed on Ebay for sale. Please no nickel content. They should have no rust or corrosion, and be clean as these flaws will be magnified in a close up photograph.

please fill out The attached form and drop off with your bit. It would help if you put both in a zip lock bag.

We will be collecting the bits at the February clinic.

Proceeds go to RHPC.
